## FOUR ARE FINED.

In police parlance, there were three "dead ones" and one "live one" before the mayor this morning at the usual session of police court. All four were fined the usual sums for street drunkenness. One—the "live one"—paid his fine and was released while the others were chased out of town in default.

Here is a woman who speaks from personal knowledge and long experience, viz. Mrs. P. H. Brogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that excels it." For sale by all dealers.

## Hair coming out?—If dry, brittle, thin as your scalp itches and is full of dandruff—Use "Danderine."

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be soft, fluffy and wavy, and have an abundance of softness and luxuriance, the beauty and shimmer of true hair health. Get a bottle of Danderine from any drug store or toilet counter and press it to yourself tonight—know that your hair is as pretty and soft as ever, that it has been treated or injured by careless treatment. It's all—surely can have better hair as soon as it if you will but use a little Danderine. Advertisement.

## You Have a Home

Do you care enough for that home to see that The Ladies' Home Journal goes into it every month and The Saturday Evening Post every week?

The Journal and the Post need no eulogy at my hands or anyone else's hand. They speak for themselves.

There are none so dear as they who will not hear.

Are you one of that species?
